

My Soul Success Self Honoring Declaration Contract

I, _____,
hereby commit to fully honoring myself in
heart, mind, body and spirit for the next
30 days (and beyond if I choose.) I commit to
connecting daily to my infinite self and claiming
the highest vibrations available to me. I commit
to allowing for the continual melting away of all
the old, limiting beliefs, stories, patterns and dense
vibrational boxes that have kept me confined in a
reality that didn't honor, reflect or serve my
radiance, my light, and my highest purpose.

I commit to taking daily action in the cleansing,
clearing, purifying, and detoxifying of myself, my
relationships and my surroundings so that I am
aligned with the pure love, joy and limitless
consciousness that is available to me. I commit to
making the most nurturing, loving choices for myself
in each moment. I commit to taking accountability
and responsibility for the quality of my life and my
own personal home frequency, energy and vibration
beginning right now.

I choose to activate and embody the energy of grace,
fun, divine flow, gratitude and ease as I step fully into
my authentic power and honor this commitment to
myself. I commit to the daily practice of non-judgment,
an empowering attitude of gratitude, daily intuitive
check-ins, and the sincere blessing of all the beauty,

opportunities and love available to me. I also commit to being kind and compassionate to myself while I am releasing and purging old ways of being that no longer work for me so that I can create the space within me and around me to activate and apply new practical and energetic tools, actions, skills and empowering patterns to my life.

I am open to the immediate and long-lasting shifts and changes that will expand my reality in magical, miraculous new ways. I am willing to allow more and more love into my world. I am open to the joy-full activation and amplification of my divine energy to the highest vibration available to me in each moment. I elevate the frequency within me and around me with the power of my conscious intention as often as possible.

I courageously open myself to receive and attract overflowing abundance in all forms. I open myself fully to receive all the gifts of wisdom, wealth, peace and joy that will continue to flood my awareness and experience each day. And finally, I open to receive all of the celebrations that this expansion, growth and healing will bring to me on my journey. I acknowledge that I deserve this! I am worthy of magnificence and I will confidently shine my light and reveal my brilliance in beautiful new ways. So be it, and so it is.

I AM FULLY LOVED!

The time for unveiling my authentic self is NOW.
